Dear Customer,

This form once completed will allow us to make payments of Housing Benefit to you in a more efficient and quicker way. The **BACS** (Bankers Automated Clearing Services) payment system is an alternative to making payments by cheque.

Advantages of being paid by **BACS**, are:

- ✓ **Payment reaches your bank account earlier (normally within 2-3 working days of the payment being issued);**
- ✓ **The possibility of cheques being delayed or lost in the post is removed;**
- ✓ **You will save yourself the time and trouble of paying cheques into the bank.**

All that is needed is for you to complete and return this form to the address below.

Please note – Not all bank accounts are designed to accept payments of Housing Benefit by BACS – so if in doubt, please check with your bank first before returning this form.
