Introduction

The purpose of this document

1. This document provides a record of the publication that took place regarding the Spridlington Neighbourhood Development Plan Area and related Neighbourhood Planning Body. The main methods used to promote the publication process are also documented, along with the main findings from the publication. As this was only a publication process and not a more open consultation, the response rate is not expected to be high.
2. This formal publication period provided members of the public and other key stakeholders an opportunity to submit comments on the proposed neighbourhood plan area and proposed neighbourhood planning body for Spridlington. The proposed neighbourhood planning body is Spridlington Parish Council and the proposed neighbourhood planning area is shown in appendix 1 along with the rest of the parish council's application.
