Frequently Asked Questions

I have applied for a licence but my property is not on the list?

Your property will not appear on the list above unless a full licence has been granted. The Local Authority has received a high number of applications and is working hard to process them. If you have provided all the necessary documents and payment for your licence, please be patient whilst your application is being processed. You do not need to do anything further until otherwise notified.

I am a tenant in a property that is not on the list?

If your property is in the area and you do not believe that your landlord has applied for a Selective Licence, please let us know: selectivelicensing@west-lindsey.gov.uk.

You will receive a copy of any draft or full licences granted or refused.

How do I apply for a licence?

The deadline for applications has now passed. Please get in touch with the Local Authority as soon as possible, who will advise you how to proceed: selectivelicensing@west-lindsey.gov.uk

How often is the Register updated?

The public register is updated as full licences are issued. **The register was last updated 30/05/19**
