Glentworth Neighbourhood Plan

This emerging Plan is a new type of planning document. The Plan has been prepared by Glentworth Neighbourhood Plan Steering Group on behalf of Glentworth Parish Council. It is a legal planning policy document and once it has been ‘made’ by West Lindsey District Council (WLDC) it must be used by:

- Planning officers at West Lindsey District Council in assessing planning applications
- Applicants as they prepare planning application for submission to West Lindsey District Council
- The Parish Council in consideration of planning applications in the Parish
- Residents and stakeholders in a wider capacity

Why we have produced this plan for Glentworth?

The Central Lincolnshire Local Plan, which covers West Lindsey, said that we had been allocated up to 19 new homes to be built within the Parish over the next 20 years. The chance to develop a locally influenced Neighbourhood Plan, which has legal status, seemed an ideal opportunity for our community to shape and influence how our neighbourhood evolves.

When the Parish Council consulted the community, there was resounding support to take this forward, on the basis that we could either do nothing and allow decisions to be made for us, or decide for ourselves how we want our village to develop in the future.

Community Engagement

The Parish Council and Steering Group have been committed to ensuring the community have had the opportunity to shape the development of the Plan through a series of engagement activities:

- **Public Meeting**
  15 March 2017
  Provide residents with information on Neighbourhood Planning and how it will affect them.

- **Questionnaire**
  29 May 2017
  Gather opinions and ideas from members of the Parish on how they wish to see the Parish develop. 113 Surveys completed – 42% of the adult population.

- **Scarecrow Festival**
  8th July 2017
  Provide update information to residents by displaying charts and information from the Survey Headline Analysis and answering questions.

- **Visioning Day**
  30th September 2017
  Feedback on activities and progress to date. To start to create a shared Vision for Glentworth by means of a consultancy led interactive session.

- **Village Walkabout**
  17th September 2017
  A practical event to help people understand and have input to the Character Assessment. To share the full report from the Survey.

These events along with other evidence based reports created this draft Neighbourhood Plan for Glentworth.

Summary of the Glentworth Neighbourhood Plan

The Plan consists of:

1. **A vision** which acts as a main statement of intent for the Plan.
   "In 2036, Glentworth will continue to be a peaceful rural village, an enjoyable place to live with a thriving, safe community. Glentworth Parish will protect the highly valued features of the natural environment, such as green spaces and the open landscape, preserving the village atmosphere and character for future generations. Existing services and local facilities will be protected and improved to meet the needs of all ages. Any new housing would be sympathetic to the parishes' valued historic, rural and diverse character."

2. **Objectives** that reflect the vision and form the context for the emerging Neighbourhood Planning policies.

   There are 6 objectives in the Plan that fall under the following themes:
   - The Environment
   - Facilities
   - Character and Design

3. **Policies** once made (adopted) by the District Council, will together with those in the Central Lincolnshire Local Plan (2012-2036), be used to determine planning applications submitted in the area. The aims of these policies are to protect key facilities, views and services and support development/activities that sustain and enhance the parish of Glentworth.

   There are 6 key policies related to:
   1. Views and Vistas
   2. Local Green Space
   3. Green Infrastructure
   4. Community Facilities
   5. Broadband Connection
   6. Design and Character of Development

4. **Community Aspirations** take into account matters of importance to the community that cannot be addressed through land use planning polices at the time of the Plan’s preparation. The Parish Council will pursue these issues through other tools and processes, including but not limited to co-operation with West Lindsey District Council.

5. **Glentworth Neighbourhood Character Profile**
   This Report presents the information gathered during three distinct phases and informs the development of the Neighbourhood Plan and its policies.
   - Defining the Neighbourhood
   - Neighbourhood Overview
   - Neighbourhood Walkabout

At the same time, this Report will act as a supportive document for the Neighbourhood Plan Policies, offering a reference in order to detail design principles and recommendations. The document will be used by future developers and the Local Planning Authority when submitting or assessing planning applications, to determine whether or not the design and character of the proposed development protects and enhances the existing character of Glentworth.
