

The Route To Neighbourhood Planning

**Wednesday 2nd October 2019 from 6.00pm - 8.30pm
Middle Rasen Village Hall, Wilkinson Drive, Middle Rasen. LN8 3LD**

**West Lindsey District Council and Community Lincs
are offering the choice of two workshops.**

Workshop 1 - Getting started

Are you considering a Neighbourhood Plan but want to know more about what's involved?

This workshop will guide you through the steps; provide tips on how to engage and involve the community; look at the range of support that is available, and how to apply for funding to develop your plan.

Workshop 2 - How to get your Neighbourhood Plan over the finishing line

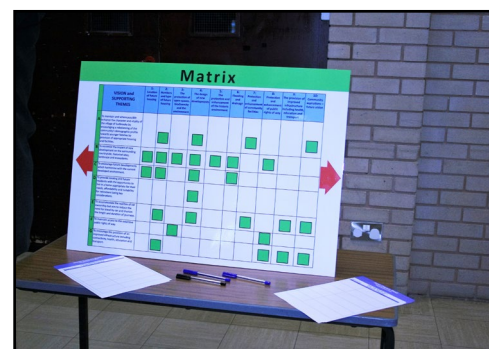

If your plan is well underway and you are looking ahead to approval, this workshop is for you.

The approval process follows a strict procedure. Stages include submission, examination, local referendum and finally "making" by West Lindsey District Council.

You will be guided through the complex parts of this process, and the responsibilities of both you and the District Council in getting your plan "made".

Both workshops will have representatives from groups who have produced a Neighbourhood Plan to offer peer support.

**Spaces are limited so booking is essential.
