

Sudbrooke NP Examiner Procedural Letter and Questions

WLDC's responses

Hi Steve

For the examiner's question 3 WLDC's response is as follows:

It appears that Figure 7 in the Sudbrooke NP was taken from WLDC's webpage Housing Growth in medium and small Villages (Policy LP4). To view please go to:

<https://www.west-lindsey.gov.uk/my-services/planning-and-building/planning-policy/housing-growth-in-medium-and-small-villages-policy-lp4/>

This webpage provides a separate pdf table of current Policy LP4 growth levels for medium and small villages in WL as at 13/08/19. It is regularly updated. A screenshot from this table showing the latest position for Sudbrooke is attached. This shows Sudbrooke having a growth target of 71 dwellings and that presently it already has 179 dwellings committed.

The table also lists those committed developments and gives their planning application refs. To view the documentation for these applications please go to:

<https://planning.west-lindsey.gov.uk/planning/>

Enter the application ref number in the APPLICATION NUMBER box provided and submit. A list of documents relevant to application should then appear and viewing them should hopefully be straightforward.

It is suggested that Figure 7 in the final version of the Plan should be updated to reflect the latest LP4 table as given on WLDC's webpage.

Regards

Nev

Application Ref	Village Type	Target	Percentage	Committed	Committed	Committed	Committed	Committed	Date	Notes
Sudbrooke	Medium Village	712	10%	71	179	0	1	178		0

Hi Steve

In answer to the examiner's question 5 not all the green coloured areas are Area TPOs. Please see attached map of Figure 11 which additionally highlights in red those parts covered by Area TPOs.

Regards

Nev
