Introduction

The purpose of this document

1. This document provides a record of the publication that took place regarding the Scampton Neighbourhood Development Plan Area and related Neighbourhood Planning Body. The main methods used to promote the publication process are also documented, along with the main findings from the publication. As this was only a publication process and not a more open consultation, the response rate is not expected to be high.
2. This formal publication period provided members of the public and other key stakeholders an opportunity to submit comments on the proposed neighbourhood plan area and proposed neighbourhood planning body for Scampton. The proposed neighbourhood planning body is the parish council of Scampton and the proposed neighbourhood planning area is shown in Appendix 1 along with the rest of the parish council's application.

Regulations and government guidance

3. The regulations associated with this first stage of neighbourhood planning provide guidance on the criteria to be included for this phase. Within this publication, we as the local planning authority must publicise on our website:

 - details of how to make representations; and
 - the date by which those representations must be received, being-
 - (i) in the case of an application to which paragraph (2)(b) of regulation 6A applies, not less than four weeks from the date on which the area application is first publicised;
 - (ii) in all other cases, not less than six weeks from the date on which the area application is first publicised.

Publication timescales

4. The proposed publication period is from 23 March to 6 May 2022. See Appendices 3 and 4.

Timescales break down as follows:

Publication period	23.03.22 – 06.05.22
