

# COMMUNITY FACILITIES FUND

## Guidance Notes

## 1. Introduction

Welcome to our guidance notes for the **Community Facilities Fund**. As a Local Authority we recognise the critical role that community facilities and assets play in bringing people together, increasing health and well-being, addressing isolation and promoting engagement with nature.

The aim of this fund is to develop and improve community facilities and assets, promoting greater interaction and more activities in communities.

Community facilities are physical spaces and places provided by a range of organisations. They provide for the health, welfare, social, educational, spiritual, recreational, leisure and cultural needs of the community. These include village halls, community centres, play parks and green spaces.

This fund provides grants for **CAPITAL** expenditure only (e.g., building and repairs, equipment and outdoor spaces). In these guidance notes you will find details of the criteria and eligibility.

The Community Facilities Fund is part of West Lindsey District Council's flagship community grants programme. This is funded by the UK Government's UK Shared Prosperity Fund.

We will work with you on monitoring and evaluating your grant to:
